

GOKULAKRISHNAN

Senior Programmer Analyst | Full-Stack .NET & React Developer
gokulk804@gmail.com | +91 824804475 | Chidambaram, Tamil Nadu, India

PROFESSIONAL SUMMARY

Full-Stack Developer with 8 years of experience modernizing enterprise web applications using .NET Core, C#, SQL Server, and React. Led the migration of a large-scale legacy .NET application to React in a live hybrid architecture, and built offline-capable desktop apps, e-commerce microsites, and AI-assisted mobile solutions. Proficient with Claude AI and Claude Code for accelerated, high-quality development.

TECHNICAL SKILLS

Front-End	React.js, React Native, Redux, JavaScript (ES6+), TypeScript, HTML5, CSS3, Electron.js
Back-End	.NET Core, ASP.NET, ASP.NET MVC, Web API, C#, RESTful Services
Database	MS SQL Server, SQL Express, T-SQL, Stored Procedures, Query Optimization
Architecture	.NET-to-React Migration, 3-Tier Architecture, Offline-First / Local Sync Design
AI Tools	Claude AI, Claude Code — AI-assisted development, code generation & review
Tools & Practices	Visual Studio, Git, Azure DevOps, Agile/Scrum, Debugging & Performance Tuning

PROFESSIONAL EXPERIENCE

Senior Programmer Analyst — APA Engineering Pvt Ltd Jul 2018 – Present

GoCadence — MONDIAL Automotive (B2B/B2C E-commerce Platform)

- Leading a 2+ year initiative migrating a legacy ASP.NET application to a modern React front end, running in hybrid mode alongside the existing system with zero downtime, backed by new .NET Core Web APIs.
- Developed and own critical business modules: Shopping Cart, Quote Management, Payment Gateway integration, Bulk Upload logic, and Part Search.
- Built and maintain multiple B2C e-commerce microsites, all centrally managed through the core GoCadence platform.
- Engineered a hybrid Desktop App (Electron + React) as a lightweight version of GoCadence — uses the Web API when online, falls back to a local SQL Server Express instance offline, with automatic sync on reconnect.
- Wrote complex T-SQL queries, stored procedures, and views; optimized database performance for high-volume transactional data.

FREELANCE / INDEPENDENT PROJECTS

Accounting & Portfolio Management System (ASP.NET MVC)

- Built a complete accounting package covering financial transactions, ledgers, portfolio tracking, and related client reports.

Wholesale Egg Distribution Management App (React Native, built end-to-end using Claude AI)

- Developed a cross-platform mobile app for Customer, Vendor, Sales, Purchase, and Inventory Management, using Claude AI and Claude Code throughout the build for rapid, AI-assisted development.

EDUCATION

Qualification	Institution	Year	Score
Master of Computer Application (MCA)	Annamalai University	2018	72.35%
Bachelor of Computer Science (B.Sc)	Shree Raghavendra Arts and Science College	2015	69.78%

Languages: English, Tamil
